ACCESS to Shared Knowledge and Practices (SKiP) roundtables

The goal for the Roundtables is to provide a forum in which Associate Degree Early Childhood Teacher Educators can share tangible resources with each other: teaching strategies, assignments, grading guidelines, and rubrics, etc.

Each Roundtable discussion will feature a facilitator focusing on one of the six NAEYC/ECADA standards with the goal of sharing actual examples from around the country. Participants are encouraged to bring resources to share, and to provide feedback to each other in the spirit of "shared knowledge and practices".

NOTE: This session is for everyone! Please join us whether or not you are participating in the ECADA process. It is sure to be a wonderful opportunity to share your own practices and learn from your colleagues.
